

Seddon Homes News Release

26th May 2009

The faster you move, the more you save in Congleton

The clock is running down on a new deal to encourage people to buy new homes in Congleton through Seddon Homes.

Potential buyers will benefit from an £8,000 reduction on the cost of a new home on The Green, Lower Health, if they complete the sale before the end of June.

This is in addition to three existing offers from the company aimed at supporting people through the credit crunch.

Seddon Homes sales and marketing director, Denis Maddock, said: "Our latest offer is designed to help potential buyers who would like to move house but need that extra bit of confidence to do so in the current climate.

"It is an excellent deal and combined with our existing offers, makes it a great time to be buying a house on The Green.

"I'd encourage anyone interested in moving house to come along to our show home as quickly as possible so we can get the paperwork underway."

The other offers at The Green, include a mortgage subsidy of up to £500 a month for up to two years, free mortgage insurance against redundancy for two years and the option of a fair value part-exchange arrangement.

All the special deals apply to selected plots on The Green, which comprises 2, 3, 4 and 5 bedroom homes designed around courtyards and central village green in a semi-rural setting on the outskirts of Congleton.

Designed with a traditional village feel, the properties blend practicality with elegance. Kitchens feature stainless steel appliances, tiled floors and classy ceramics lit by discreet inset lighting. Each has an oven, hob and dishwasher included.

Denis added: "We are still seeing plenty of interest in our properties, indicating that there are many people out there looking to move who are just waiting for a little more encouragement. "We hope our latest offer does just that."

Prices at The Green are from £175,950 to £375,000. Conditions apply to all the offers.
