

Seddon Homes News Release

1st October 2010

Just three properties now remaining at prestigious King's Field

Only three properties now remain at the prestigious King's Field new homes development, near Market Drayton.

Seddon Homes is now offering a superior deal on the five-bedroom detached properties, including all designer carpets, curtains and light fittings as part of the specification.

Two of the remaining properties are detached houses, and the third is a converted barn.

The company's sales and marketing director, Denis Maddock, said it was an excellent opportunity for buyers to secure and move into their new home before Christmas.

"These are the last three of the original nine properties at this prime semi-rural location. They offer an exceptional proposition for growing families and now, with the additional opportunity to have carpets, curtains and lights, it means that buyers can move in as soon as the sale is completed without having to wait for carpet fitters or electricians."

King's Field is at Hinstock, a popular location with families, commuters and those wishing to escape urban living. The village offers good local amenities including a village shop and post office, a pub, a school, a church and a cricket pitch. It is by-passed by the A41, making it easily accessible for Newport and Telford as well as Stafford, Stoke-on-Trent and Wolverhampton.

All remaining properties are extremely spacious and have excellent rear views of the surrounding countryside. They boast stylish contemporary interiors airy living rooms, high spec kitchens, including built-in microwave, freezer and dishwasher, double oven and a five burner gas hob. A main bathroom, en-suite and a separate cloakroom offer gleaming white suites and quality fittings. Large bedrooms include fitted wardrobes. The properties also have good-sized gardens and front driveways, and two have a double garage.

Prices start at £295,000 and buyers can benefit from part exchange opportunities on their existing homes.
