

Seddon Homes News Release

17th January 2012

Seddon Homes announces luxury homes development in Cheshire

Leading Cheshire developer Seddon Homes is to build an exclusive development of luxury detached homes on the edge of Delamere Forest.

Four detached five-bedroom homes will be built in the hamlet of Mouldsworth, near Chester and interest in the properties is expected to be keen.

The hamlet is popular with commuters travelling to Chester and Manchester for work as it is situated on the Mid Cheshire rail line.

With its close proximity to Delamere Forest, the area is also popular with outdoors enthusiasts and it also boasts a village pub.

Denis Maddock, sales and marketing director for Seddon Homes, said: "This location is perfect as it has all the appeal of rural living, with the close proximity to Delamere Forest, coupled with easy access to the cities of Chester and Manchester, with the former being just seven miles away.

"The homes will be built to a very high specification with top quality features that come as standard in a Seddon property, setting us apart from many other developers.

"It is our experience that there is still strong underlying demand for generous specification, well-built new homes, in good locations. Seddon Homes has a reputation for quality and we aim to help cater for that demand with Forest Brow."

Seddon Homes are light and spacious, with high quality features include Siematic kitchens with Bosch appliances, stylish family bathrooms and well planned ensuite facilities. The homes are built with close attention to detail, with energy saving in mind.

Seddon Homes is a firmly established company, with more than 100 years of house building innovation. The company has a track record of building new homes across Cheshire including nearby Malpas, Frodsham and Runcorn.

The homes are due to be completed by late summer 2012 and prices are expected to be in the region of £500,000.
